BRYAN'S CHANCES GOOD

To Secure Full Freight Division of the
I. and G. N. in Consequence of
Fourteen Hour Law.

Bryan, already a local freight
division of the I. & G. N., seems
to be favorably located for a divi-
sion for all freight trains when the
new fourteen hour law goes into
effect this fall. The distance from
Houston to Ft. Worth is within
three and a fraction miles of three
hundred miles; from Houston to
Bryan is one hundred and one and
a fraction miles; from Bryan to
Waco about 100 and from Waco to
Ft. Worth about 100, making those
four points the practical and
feasible freight division points.
This arrangement would leave the
passenger divisions at Houston,
Mart and Ft. Worth as at present,
and put the freight divisions at
Houston, Bryan, Waco and Ft.
Worth.

The I. & G. N. has ample and
valuable property holdings in the
southern part of town, together
with a good turn table and water
supply already provided. Present
arrangements cannot be maintained
under the new law, and the divi-
sion facilities here could probably
be increased to the necessary cap-
acity at less expense and trouble
than at any other point. Bryan is
also a favorably regarded point for
the residence of the employes of
the road.

As the Eagle sees it, there is no
cinch that Bryan will get it, Nav-
asota and Valley being within the
possibilities, but we believe Bryan
has away yonder the best chance
and shall not be surprised to see
the necessary improvements made
here before the law goes into effect,
and we would be glad to see Bryan
take some steps indicating a desire
for the full freight division.

This would make this city a stop-
ping point for the eight or ten
through freights now passing here
daily, and bring railroad men
in much larger numbers than now
to make their homes here, and a big
permanent payroll would be estab-
lished. It would be necessary to
put down a large amount of track-
age in the yards south of town,
and in time a round house would
probably be built for the care of
the engines, while a small repair
shop would likely be maintained.

The matter looks exceedingly
favorable to the Eagle and worth
an invitation at least.

Oklahoma Democrats Call Upon

REGARDING CONSTITUTION

Committee Cordially Received, but the
President Says He Has No Copy of
the Document and Not Prepared to
Express an Opinion.

Washington, May 25.—President
Roosevelt gave an audience to Messrs.
Ledbetter, Moore and Hayes, Demo-
cratic members of the Oklahoma con-
stitutional convention, who were ap-
pointed by the president of that body
to come to Washington to consult with
the officials of the administration re-
garding its attitude toward the consti-
tution recently adopted.

The committee declined to state
what the president said to them, but
admitted that he had referred them to
the attorney general for another con-
ference. They pointed out that they
were anxious that the president should
indicate the objectionable features of
the present constitution because then
the convention could be reassembled
and those features corrected. They
did not want to have the constitution
submitted to the people for ratifica-
tion to be followed by the president's
disapproval of the instrument, which
would defer the admission of the state
until a later date. The committee
said the people were anxious to have
the constitution conform to the pro-
visions of the enabling act.

The president received the commit-
tee cordially and listened carefully to
what it had to present. He told the
members, however, that he had no au-
thentic copy of the constitution. Act-
ing under the advice of the attorney
general, he said, he could not express
any opinion upon the document in ad-
vance of its receipt.

Closed to Actors.

New York, May 25.—No actors' sta-
tues will be erected in Hall of Fame.

STORM LAST NIGHT.

The wind blew furiously here
for about an hour. A part of the
frame work of the new Christian
church was destroyed, Foster's
photo tent demolished, and some
of the glass in the front of Myers'
store knocked out by his sign.

THE QUALITY GROCER

THE MORNING EAGLE

entered at the Postoffice in Bryan, Texas
as second-class matter.

BY CARNES & WALLACE

MARKABLE ANAESTHETIC.

garding Dr. Thos. J. Pugh, a
ner citizen and physician of
yan, the Morning Sun of Yuma,
zona, says:

Dr. Thomas J. Pugh performed
another notable operation at the
county hospital yesterday, this
being his third operation with the
new anaesthetic, in the use of which
Dr. Pugh is the pioneer in this field.
The subject was conscious through
out the operation, but felt no pain
whatever under the knife, although
the cutting was severe.

Under this method of anaesthesia
no surgical assistance was needed,
other than the aid in handling the
patient rendered by the usual hos-
pital attendants. No chloroform
or ether was used, and no one was
leaded aside from the operator to
administer the anaesthetic and
watch the pulse while the work was
in progress.

DEATH OF MR. LYONS.

Waxahachie, Tex., May 24.—
During a light rainstorm this
morning W. P. Lyon, who lived
about five miles west of Waxa-
achie, was struck by lightning
and instantly killed. He had been
plowing and was on his way to the
house to escape the rain when hit
by the death-dealing bolt. He
was walking and driving a team.
The animals escaped unhurt. The
tragic death of Mr. Lyon was wit-
nessed by a son, Horace Lyon,
who was at work in another part
of the field and who had also
started home. Mr. Lyon was
about 45 years of age and had
lived in Ellis county several years.
He is survived by a wife and two
children.—Galveston News:

METHODIST PARSONAGE

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1907, by W. T. Foster.)

Washington, D. C., May 25.—Last bulletin gave forecasts of
disturbance to cross continent 26 to 30, warm wave 25 to 29, cool
wave 28 to June 1. Next disturbance will reach Pacific coast about
June 2, cross west of Rockies country by close of 3, great central val-
leys 4 to 6, eastern states 7. Warm wave will cross west of Rockies
about 2, great central valleys 4, eastern states 6. Cool wave will cross
west of Rockies about 5, great central valleys 7, eastern states 9.

All the disturbances of June will develop greater than usual en-
ergy or intensity. A peculiar feature will be that southern sections,
particularly southwest parts of the great central valleys, will have tem-
peratures in June averaging much above normal while in the southeast
and northwest sections temperatures will average about normal.

The disturbance above described will be of more than usual force
in all its weather features. Probabilities favor severe weather during
the entire passage of the high and low of this disturbance across the
continent.

The last half of June will inaugurate a dangerous drouth in some
sections and very high temperatures on all parts of the continent. A
danger period will occur from June 23 to 30, about and following a
great hot wave. Better prepare to take a rest about that time and
watch the elements. The dangerous features of this great storm wave
will probably miss your locality but they will not miss all sections.
The disturbance will affect all sections but at what particular place it
will suddenly reach its greatest intensities I will not undertake, at this
time, to indicate.

OLD FOLKS' DAY.

Sunday June 2, has been desig-
nated and set apart as "Old Folks'
Day" in our Sunday School.

On this day we want to see pres-
ent every old person who is a mem-
ber of our church, and any others
who will accept a cordial invitation
to meet with us.

Of course the regular school will
be on hand in full force; for one of
the objects of the meeting will be to
give our "old folks" an opportunity
to see the school at work, and to
give the school the privilege and the
blessed influence of the presence of
the old people.

All people should have, and all
right thinking people do have a
tender regard and a true reverence
for age. "Thou shalt rise up be-
fore the hoary head, and honor the
face of the old man, and fear thy
God."

"The hoary head is a crown of
glory if it be found in the way of
righteousness."

God bless those who are far on
life's journey.

Fathers and mothers, grand-
fathers and grandmothers, come
and honor us with your presence
on this occasion; come and let us
honor you as is fit and meet on
this occasion. We will sing the
old time songs for you and with
you; we will worship the Lord to-
gether.

After the Sunday School the
pastor will preach a sermon applic-
able to the occasion and hopes to
have every member under one hun-
dred years old present.—Methodist
Church Call.

Indigestion

Stomach trouble is but a symptom of, and not
itself a true disease. We think of Dyspepsia,
Heartburn, and indigestion as real diseases, yet
they are symptoms only of a certain specific
Nerve sickness—nothing else.
It was this fact that first correctly led Dr. Shoop
in the creation of that now very popular Stomach
Remedy—Dr. Shoop's Restorative. Going direct
to the stomach nerves, alone brought that success
and favor to Dr. Shoop and his Restorative. With-
out that original and highly vital principle, no
such lasting accomplishments were ever to be had.
For stomach distress, bloating, biliousness, bad
breath and sallow complexion, try Dr. Shoop's
Restorative—Tablets or Liquid—and see for your-
self what it can and will do. We sell and cheer-

STARTLING DISCLOSURES

Conspiracy to Defraud Uncle Sam Is Charged.

AFFECTS LEADING PEOPLE

It Is Asserted Evidence Will Shortly Be Placed Before Grand Juries That Will Involve Men of Highest Rank in the Nation.

Chicago, May 24.—A dispatch to the Tribune from Washington, D. C., says: Amazing revelations of a conspiracy to defraud the United States of millions of dollars' worth of mineral and timberlands will be laid before the grand juries of a half dozen states within a few days.

The frauds, it is alleged, will involve criminal charges the names of men of high business and political circles.

They include:

One United States senator.

One former United States senator.

A man reputed to be one of the wealthiest men in the world.

A railroad man known from the Atlantic to the Pacific.

Two of the wealthiest lumber barons in the United States.

Numerous other smaller fry, including railroad officials, coal operators and men at the head of fuel companies.

The men, whose names for obvious reasons can not be made public before the grand juries act, it is declared here, will surely be indicted by the evidence which is now in the hands of the United States district attorneys in half a dozen western cities.

These frauds, it was declared in an official quarter, extend into a number of states, including California, Colorado, Washington, Oregon, Idaho, Montana and the Dakotas.

HEADON COLLISION.

Trains Come Together and Two Lives Lost in Consequence.

Grand Rapids, Mich., May 24.—Two men lost their lives in a head-on collision on the Grand Rapids, Grand Haven and Muskegon Interurban line at Celery Farms, a few miles east of Muskegon.

The dead are G. D. Betts, motorman, Grand Rapids; James Edwards, motorman, Muskegon, Mich.

The line is a single-track road, operated under the telephone dispatching system. A passenger car from Muskegon and Grand Rapids collided at Celery Farms with a west-bound baggage and express car. Both cars were wrecked and the two motormen, enclosed in their narrow vestibules, were instantly killed.

DUNKARDS' DILEMMA.

Oppose Neckties and Fine Hats, Yet No Way to Prevent Wearing.

Los Angeles, May 24.—"We advise our members against wearing neckties and fashionable hats, yet we do not see our way clear to make this a test of fellowship. At the same time we urge our members to guard against giving offense according to Romans 1:19, and First Corinthians 10:32-34."

This recommendation, made by the standing committee of the Dunkard national conference, was refused by the body of the house because it was not strong enough. It is possible the Dunkards may pass a rule before the close of the session making the wearing of a necktie a bar to membership.

"I AM INNOCENT."

With These Dying Words W. C. Baird Calmly Met His Fate.

Fayetteville, Tenn., May 24.—W. C. Baird, a wife murderer, was hanged here early Friday, the trap being sprung at 5:08 o'clock. As he appeared on the scaffold, Sheriff Taylor appealed to him: "Bill, for God's sake, if you are guilty, do not go before your maker with a lie upon your lips."

Baird simply replied: "I am innocent," and calmly met his fate. He claimed his wife had been shot by a highwayman who stopped them on the road near Fayetteville.

ASSAULTED AND BEATEN.

Villains Arrayed in Female Attire Brutally Attack a Lady.

Gallipolis, O., May 24.—Mrs. Charles Gotschall, a respected lady residing near Harrisonville, was brutally assaulted and terribly beaten by two men, dressed in female attire, while alone with her children at her home, and probably will die from the injuries she received. The guilty parties made their escape.

Condition More Favorable.

Canton, O., May 24.—At 11:30 o'clock Friday morning, after consultation, Drs. E. F. Perrier, J. E. Eyrer and Rixey, surgeon general of the state, Dr. Rixey gave out the following statement: "Mrs. McKinley's condition is more favorable. We hope and believe she will improve. Her condition, however, is serious. The principal difficulty is to give her sufficient nourishment."

Tranquillity Prevails.

San Salvador, May 24.—Senor Gamboa, Mexican minister to Salvador and Guatemala, arrived here from Guatemala City, which has hitherto been his headquarters. He received a hearty welcome from crowds of people of all classes, who gathered at the railroad station. Complete tranquillity prevails throughout the country.

Evangelical Lutherans in Session.

Sunbury, Pa., May 24.—Annual convention of evangelical Lutherans is in session here.

TO KEEP TRACK.

People From Yellow Fever Districts to Be Watched.

Austin, May 24.—The state health department has begun the inauguration of a system by which it will keep track of every person coming into Texas from South and Central America and from Mexico, or other countries likely to be infected with yellow fever. This is done as a double precaution to keep yellow fever out of Texas. Inspectors will be stationed at all ports and on the border and will secure the names of all passengers coming in from any of these lands.

The department also addressed a circular letter to the general managers of every railroad in Texas urging upon them the necessity of taking every sanitary precaution to keep the disease from entering into the state and also extermination of the mosquito.

Captain J. A. Rogers and company of seven rangers reached here from Alpine and will be stationed here in future. The station at Alpine has been abandoned. Captain Hughes and company, stationed here, have gone to Marfa, where they will be stationed in the future.

Notice was given by the railroad commission that on June 3 it will consider the proposition to establish reduction in rates on carload shipments of crude petroleum on railroads between points in Texas.

The state continued its introduction of depositions in the Waters-Pierce Oil company ouster suit, the principal ones being those of Edward P. Pratt and A. H. Gardner of Kansas City. G. J. Steigewal of Cleveland, and Maywood Maxom of Decatur, Ill. A number of minor ones were also presented.

A strenuous fight was made by the defense against the introduction of the deposition of L. C. Lohman, a merchant of Jefferson City, Mo. The court admitted the deposition, but the defense made so many objections to each question, some of which the court sustained, that the state withdrew it before much of it had been read to the jury. This deposition showed that Lohman had fought the Waters-Pierce Oil company, meeting their competition by reducing prices as they reduced prices and getting business. He testified that he repeatedly secured the business of the Missouri state penitentiary by underselling the Waters-Pierce Oil company until, he alleged, Warden Morrison was made stop buying from Lohman by Governor Francis.

Lohman's deposition also showed that he repeatedly bought from merchants from Jefferson City oil which the Waters-Pierce Oil company had sold them at cut prices and shipped them further west at a profit.

The depositions presented Friday morning related mostly to territory in which the several Standard Oil companies operated and evidenced combination which controls business of each. The methods of distribution and delivery were also shown to some extent.

FRANK NATUS' DEATH.

Witness of Opinion Bullet Came From Rifle of Negro Soldier.

Washington, May 24.—Mayor Combe of Brownsville continued his testimony before the senate committee of military affairs. He produced, at the request of Senator Warner, the letter referred to Thursday in which Major Penrose, who commanded the negro soldiers at Fort Brown, had claimed that Private Voschel, a white soldier, could not have overheard the conversation between Mayor Combe and Major Penrose concerning the alleged assault by a negro soldier upon a Mrs. Evans. In the letter Major Penrose says Voschel told a deliberate lie and should be brought to justice. The witness, who for a number of years was an army surgeon, testified that he examined the bullet mark in the body of Frank Natus and gave it as his opinion the man was killed by a shot from a rifle used by a negro soldier.

FIRST WATERMELON CAR.

For Third Time Southwest Texas Town Leads.

Falfurrias, Tex., May 24.—The first carload of watermelons of the 1907 crop was loaded here Thursday, and ready for shipment. This is the third consecutive season Falfurrias has beat the United States, on melons. Waco, Beaumont, El Paso and San Antonio, were spirited bidders for the initial shipment. This season's crop in this region is estimated at 350 cars before June 20.

HITCHCOCK AT ROCKPORT.

Rockport, Tex., May 24.—Former Secretary of Interior E. A. Hitchcock, accompanied by Alonzo Church, a capitalist; George L. Edwards, a broker; and Colonel S. W. Fordyce, chairman of the executive board of the St. Louis, Brownsville and Mexico railroad, all of St. Louis, are at Tarpon Inn for a ten-day tarpon fishing. The sport at this time of year is declared excellent and a large number of silver kings are being landed.

KILLED BY LIGHTNING.

Farmer Struck Death Blow While on His Way From Field.

Waxahachie, Tex., May 24.—W. P. Lyon, a farmer, who resided five miles west of here, was struck by lightning and instantly killed. He was on his way home from a field when the bolt took his life. Mr. Lyon's team escaped injury.

AMMONIA PIPE EXPLODES

Disastrous Blowup Occurs In the Armour Plant.

FIVE FATALITIES RESULT.

Fumes of the Drug Penetrated Every Portion of the Establishment and It Was Six Hours Before Department Could Be Entered.

Chicago, May 24.—Five workmen were killed and a dozen others seriously injured by an ammonia pipe exploding in the beef killing department of Armour & Co.'s plant at the stock yards. The building was full of workmen at the time, and the deadly ammonia fumes escaping from under high pressure, penetrated through every department of the building in such a short time that twenty men were overcome before they could make their escape to the fresh air. All but five of these men were dragged from the place by their companions in such a serious condition that it was necessary to take them to a nearby hospital.

An ineffectual effort to search for the dead in the interior of the building was made by employees wearing safety masks, but they were driven back by the fumes, and it was not until six hours after the explosion that the first body, that of an unidentified man, burned beyond recognition, was taken from the fourth floor. A few minutes later four other bodies were found, all of them having been burned in a horrible manner.

All the dead and injured were foreigners.

THOMPSON CHOSEN.

Indian Territory Clergyman Member of the Judicial Commission.

Columbus, O., May 24.—Rev. Dr. J. K. Thompson of Muskogee was chosen one of the members of the new judicial commission of the general assembly of the Presbyterian church, to serve three years.

The report of the board of church erection was presented by Rev. Edwin B. Wright of Austin, Tex. Resolutions were adopted providing that movable chapels be procured for the temporary use of the new conventions, and recommending that in view of the peculiar situation brought about by the union with the Cumberland Presbyterian church, the board of church erection construe its rules as liberally as possible in order that aid may be extended to all churches needing assistance. The board was increased to twenty-three members by the addition of Rev. E. B. Surface of Mount Vernon, Ill., and Isaac H. Orr of St. Louis.

With reference to a complaint from the Southern Presbyterian church that missionaries of the Presbyterian assembly were interfering with the missionaries of the Southern churches in work in the Indian Territory, the committee on home missions reported that the testimony in the complaint was so conflicting that no action was advisable, but admonished the missionaries of the Presbyterian church to so conduct their work as to avoid any conflicts in the future. The report of the committee was accepted.

FRIEZE'S FAD.

Says He Is the Rightful Husband of Alice Roosevelt Longworth.

Columbus, O., May 24.—James Frieze, who is confined in the sanitarium here, applied to the court for release on the ground that his marriage is all right. He declares that he is the rightful husband of Alice Roosevelt Longworth, and that Nicholas Longworth is an interloper, and ought to be shot. He threatens to kill Mayor Badger and all of the city officers when he gets out.

TERRIBLE CRIME.

Widow Horribly Butchered, and a Youth Is Under Arrest.

Lexington, Ky., May 24.—A telegram from Sergeant, Ky., says that the body of Mrs. Ellen Flanary, aged thirty, whose home was at Ferry Creek, was discovered near her home beneath a heap of rocks. She had been stabbed in the breast, her throat was cut and there were several fractures, indicating an inhuman tragedy.

Floyd Frazier, aged eighteen, found with blood on his clothes, was arrested charged with the crime and waived examination. No motive is known.

Startling Disclosures.

New York, May 24.—Startling disclosures are said to have resulted from the investigations thus far made into the jewelry swindles of J. Edward Boeck by the detectives who are acting for the Jewelers' Security Alliance of the United States. It was said on what purported to be reliable authority that the losses attending Boeck's flight are at least \$500,000.

Novel Suit.

Lexington, Ky., May 24.—Because she was not permitted to graduate on account of having attended a dance, contrary to the school rules, Miss Sadie McGinnis of Danville brought suit against the Campbell Hagerman Female college for \$12,000 damages.

Much Liquor Found.

Honey Grove, Tex., May 24.—Constable Cade Lee, armed with a search warrant, searched the cold storage run by W. D. Hudson, and found nothing, but in the barn on the premises occupied by Hudson was found thirty odd bottles of whisky and fifty odd bottles of beer.

Tilted Seriously Ill.

Paris, May 24.—Theodore Tilton is seriously ill here.

DEATH DURING DANCE.

Floor Manager Shot Down and Negro Fiddler Wounded.

Muskogee, May 24.—While a dance was at its height in the little town of Choska, I. T., it was brought to an abrupt ending by the firing of shots from the doorway from a pistol. L. M. Johnston, the floor manager, suddenly sank to the floor. James McDevers, a negro, who was reeling off a quadrille, was shot in both legs, and a stray bullet struck the four-year-old child of Johnston, who was sitting opposite the door besides his mother. The child was shot in a leg.

Johnston was twice shot through the body and once in the leg. He will die.

Fred Hart a boy, perhaps twenty years of age, was brought to Muskogee, chained to a wagon, and taken before commissioner W. R. Hayt. He is being held for attempt to murder, under \$3,500 bond.

CANNOT LONG SURVIVE.

Passing Away of Mrs. McKinley May Not Come in a Day or Two.

Canton, O., May 24.—At 1:30 o'clock Friday morning Mrs. McKinley was slightly improved.

After a consultation between Dr. O. F. Portman, the family physician, and Dr. J. E. Eyrer, superintendent of Massillon state hospital, a physician of wide reputation, a statement was issued that there are no indications that Mrs. McKinley could long survive the attack of apoplexy from which she is suffering. The doctors say, however, that they think dissolution will not come for a day or two. Mrs. McKinley is in a comatose condition, and it is stated that there are no grounds for hope of a better turn. It was announced that Surgeon General Rixey, by special train reached here.

Mrs. McKinley had been out driving almost daily up until Tuesday, although she suffered from an attack of the grip a week ago. Later she suffered an attack of bronchitis.

Tuesday she was stricken with a slight attack of apoplexy, and her left arm became paralyzed. Later she lapsed into a comatose state, and Thursday afternoon she became unconscious.

Telegrams from all parts of the country have been pouring into Canton anxiously inquiring as to Mrs. McKinley's condition, and evincing widespread sorrow over the announcement of her critical illness.

Secretary Corielyn left New York Thursday night for Canton.

SUPPORT FRANTZ.

Five Hundred Republicans Hold Meeting at Oklahoma City.

Oklahoma City, May 24.—Five hundred Republicans of Oklahoma and Indian Territory, at a meeting here of the state central committee, passed a resolution supporting Governor Frantz in refusing to call an election to vote on the adoption or rejection of the constitution drawn for the proposed new state of Oklahoma, postponing the state convention previously set for June 6 until after the issuance of the election proclamation and condemning what the resolutions term unfair provisions in the proposed constitution. There now seems no doubt that the Republicans of the two territories will unite in opposing the ratification of the constitution unless it is modified.

RAID MADE.

One Thousand Gallons of Cider and Other Beverages Seized.

Hugo, I. T., May 24.—Special Inspector Cony, with Deputy United States marshals Holden and Latham smashed 1,000 gallons of cider and other beverages. They also raided alleged gambling houses and seized and destroyed costly paraphernalia. Warrants were sworn out for the officers, charging them with felonious entry. They were arraigned before the mayor, who set the date of trial for May 31 and released them upon their own recognizance.

FATAL EXPLOSION.

"Windy" Shot Causes a Couple of Men to Lose Their Lives.

Haileyville, I. T., May 24.—One of the most disastrous explosions in the history of this section occurred in the Hailey-Ola Coal company's shaft No. 1 in this city. There were only four men in the mine at the time the accident occurred, the two shot friers and two fire runners. One shot frier, Paul Luciano, and Sam Kennedy, a fire runner, were killed, while the other two men escaped uninjured. A "windy" shot was the cause of the explosion.

Goes to Governor.

Albany, May 24.—By a vote of 25 to 9 the senate passed the bill fixing a 2-cent rate for passenger fares on all railroads or railroad systems over 150 miles in length in this state. It has already passed the assembly, and now goes to the governor.

Partial Weeding Out.

Boise, Ida., May 24.—The net results of the Haywood trail Thursday were the partial weeding out of talesmen of the second special venire entitled to statutory exemption and the partial qualification of one juror.

Cottonseed Crushers.

Norfolk, Va., May 24.—A. Ransner of Atlanta was elected president of the Cottonseed Crushers' association, J. J. Parish of Memphis vice president, and Robert Gibson of Dublin, secretary-treasurer.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. A druggist recommend and sell.

IN MEMORY OF GORDON

Statue of the Gallant Georgian Unveiled at Atlanta.

UPON FAVORITE ANIMAL.

Left Hand Holds Reins Over Neck of Horse, Right Dropped by Side, Head Bare and Figure Is Mounted Upon Huge Pedestal.

Atlanta, May 25.—In the presence of a vast assemblage the equestrian statue of the late General John B. Gordon, one of the south's most distinguished military chieftains during the war between the states, governor of Georgia, United States senator and commander-in-chief of the United Confederate Veterans, was unveiled this afternoon.

This statue, which is cast in copper bronze, stands on a broad pedestal of Georgia granite at the northwest corner of the state capitol grounds, rising twenty-five feet from the base of the pedestal to the top of the head. It occupies a commanding position overlooking the business part of the city, some distance away. The figure of General Gordon is represented on his favorite mare, his head bared, his left hand holding the reins over the horse's neck while his right hand hangs at his side. The pedestal raises the figure of the horse and the rider about ten feet above the granite coping which surrounds it. The name "Gordon," in raised letters, is placed on front of the pedestal, while on either side appear bronze bas-reliefs, one representing Gordon at the battle of Spotsylvania, when, before his division, he insisted on General Lee going to the rear; the other bears figures typical of three phases of Gordon's life, typifying the soldier, statesman, and patriot. The statue is the work of the Sculptor Solon H. Borglum, of Norwalk, Conn.

The plan for erecting the monument to General Gordon originated with Camp Tige Anderson of Confederate Veterans, which grew into the organization of the Gordon Monument association. Through the efforts of this organization \$10,000 was raised by private subscription, the remaining \$15,000 of the cost being an appropriation by the Georgia legislature.

The programme for the unveiling ceremonies was as follows: Invocation, music; history of the Gordon Monument association by Captain William I. Calhoun; oration, General Clement T. Evans; unveiling by Mrs. Francis Gordon Smith of Atlanta and Mrs. Caroline Lewis Gordon Brown of Vermont, daughters of General Gordon; music; "Dixie," by band; dedication poem, by Charles W. Hubner; music, "Sunny South," by chorus; delivery of statute to the state by Captain Nathaniel Harris; acceptance for the state by Governor J. M. Terrell; introduction of Sculptor Borglum; benediction.

STATEMENT OF CALHOUN.

Severely Scores Spreckels, Also His Associates.

San Francisco, May 25.—Patrick Calhoun issued a lengthy statement addressed to the American people in which he says the returning of indictments against himself and associates is another step in the programme to gain political control of this city by Rudolf Spreckels and others for selfish purposes through a combination with the Labor Union party. Mr. Calhoun says:

"Evidence is now complete that self-confessed criminals have been retained on the board of supervisors to do the bidding of Spreckels and his fellows. In the language of one of the prosecutors, they are merely 'good dogs.' Their evidence has been purchased and services secured through immunity contracts. I charge that the motives of Mr. Spreckels and associates are base and malicious; that his plans are selfish and injurious to the welfare of this community; that they seek through the assassination of character to injure the United Railways and further their own financial plans, and that inspired strikes, violence, destruction of property, boycott and these indictments are each a part of Spreckels' plans to confiscate the property of the United Railways, replace our street railroads by lines owned by Spreckels, and to that end control the politics of San Francisco. I would be surprised that any body of American citizens could be induced to find these indictments if I did not know the methods which have been pursued by the Spreckels corps of hired detectives and his constant access to members of the grand jury who have been misled by professions of virtue. To my friends throughout the country, I give the assurance that these indictments are not founded upon facts, and there is no evidence that could justify them and my associates and I will be fully vindicated."

PRICES FIXED BY THREE.

Clay Arthur Pierce, Finley and Ackard Named.

Austin, May 25.—The state continued the reading of numerous letters written by R. H. McNall to various officials of the Waters-Pierce Oil company relative to prices and other details of the business, and also presented portions of his deposition which were not heretofore introduced. McNall's memory continued to fail him as to names of Standard Oil company officials in whose departments letters were written which went out over his signature. He admitted that the title of "commercial agent" did not signify the duties which he performed, as he was practically eastern agent for the Waters-Pierce Oil company, and much of the correspondence was in the interest of eastern stockholders.

The state also presented depositions of R. K. Wheeler of St. Louis and Clay Arthur Pierce, the latter president of the Waters-Pierce Oil company since June, 1905. Their testimony for the most part related to prices charged for oil in Texas. Pierce testified that since he became president, prices had been fixed by Finley, Ackard and himself, acting as executive committee. Previous to his becoming president he thought that Tinsley, who had been sent from the Standard Oil company in 1904 to act as vice president of the Waters-Pierce Oil company, had fixed prices after a conference with Ackard.

Attorneys for the state are much gratified at the decision of the Missouri supreme court in sustaining the trial court in the ouster suit proceeding in Missouri.

THEODORE TILTON DEAD.

Distinguished American Author Passes Away at French Capital.

Paris, May 25.—Theodore Tilton, American author, who had been in this city several days, died of pneumonia Saturday. In 1874 Mr. Tilton preferred serious charges against Rev. Henry Ward Beecher, who had been his pastor and intimate friend, and demanded damages of \$100,000. After this affair Mr. Tilton came to Paris, where he has lived a solitary existence. A slender income was derived principally, it is understood, from a single share of stock in a New York newspaper, coupled with meager royalties from his literary works, which have been continued in a desultory manner, sufficed apparently to meet his modest demands. At least his intimates never heard him complain of lack of funds. Mr. Tilton formed a narrow circle of friends, who esteemed him for his genuine temperament and his attainments, but he avoided new acquaintances, especially Americans. For many years he occupied a small two-room lodgings in a remote quarter.

Mr. Tilton accused Rev. Henry Ward Beecher, a celebrated Congregational divine, of alienating the affections of Mrs. Tilton. After a most sensational trial the jury failed to agree and was discharged and the case never came to trial again.

OVER FOUR INCHES.

Waxahachie and Vicinity Have a Most Terrific Downpour.

Waxahachie, Tex., May 25.—The heaviest rain of the season visited Waxahachie and vicinity Friday night. The precipitation amounted to more than four inches. All streams were converted into raging torrents. Many small bridges and culverts were washed away. The water tank at the cotton mill was struck by lightning and completely demolished. The tower was also damaged. A large hole was torn in the roof of the building. The tank had a capacity of 15,000 gallons.

The section of the city inhabited by negroes was overflowed from Waxahachie creek and several families forced to leave their homes and seek safety on higher grounds.

The residence of W. H. Borders, near Boyce, was struck by lightning, but no one hurt.

EIGHT PERSONS INJURED.

All of One Family and Building They Were In Overturned.

Denton, Tex., May 25.—Eight members of the Wordly family were injured, one probably fatally, in a severe storm which passed over a section of country ten miles northeast of here. They had gathered about the heavy chimney of the house when the building was overturned by wind.

Property loss from storm will probably amount to \$20,000, as many houses and barns were wrecked. The many storm cellars made personal injuries small. Among buildings wrecked were the following: A. Collins, a barn; Ed Willard, barn; W. M. White, residence; T. J. George, residence; Tom Boon, residence; Mrs. Lizzie Lynch, residence; R. P. Smith, residence; C. A. Hankins, barn; W. V. Stinchcomb, residence.

roughs in a crowd of 20,000 who took advantage of the denial of police protection to the home club, a condition which does not exist in any other city of our circuit.

ATTACKS ON JAPS.

Public indignation at Tokio is Declared to Be Great.

Tokio, May 25.—The report from the consul for Japan at San Francisco confirms the news of the attacks made recently upon Japanese restaurant keepers in that city. The public here is indignant, but the press refrains from hostile comment, trusting to the Washington government to prevent a repetition of similar occurrences. The disturbance occurred in a restaurant conducted by Japanese on Folsom street and was followed by an attack upon a Japanese bathhouse on the opposite side of the street. The trouble arose over the expulsion of two white men from a Japanese restaurant on Eighth street. They were followed by a mob. They went around to the place on Folsom street and wrecked both places. The men themselves escaped through the rear entrance. The police say the reason there was no interference was because all patrolmen on the street had been withdrawn for duty in other sections of the city, where disturbances prevailed owing to the strike of car men.

State Department Notified.

Washington, May 25.—The state department was informed by Viscount Aoki, Japanese ambassador of the recent abuses of Japanese restaurant keepers at San Francisco. Secretary Root at once took the matter up with the department of justice, with the request that an immediate investigation be made.

RECIPROCAL DEMURRAGE.

Colquitt Writes Georgia Commissioners Relative to Texas Act.

Austin, May 25.—Railroad Commissioner Colquitt has addressed a letter to H. Warren Hill, chairman of the railroad commission of Georgia, in which he gives the provisions of the reciprocal demurrage bill passed by the Thirtieth Texas legislature. Chairman Hill of the Georgia commission is preparing a report to be submitted to the committee on reciprocal demurrage of the National Association of Railway Commissioners. Mr. Hill will recommend to that association that the various states in which there are railroad commissions, adopt the Texas law, which act becomes effective July 12. Commissioner Colquitt writes to the Georgia commissioner that he considers the Texas reciprocal demurrage act one of the best laws passed during the session, saying, it will tend to promote prompt delivery and release of equipment that otherwise might be tied up indefinitely at the will of the carrier, without profit to themselves and with great injury to the shipping public.

Over Seven Thousand Spent by the People's Party.

San Antonio, May 25.—Chairman Wurzbach of the People's party, which was successful in electing Mayor Callaghan, has filed an itemized statement of the money expended by them. The grand total reaches, \$7,829.26. This is exclusive of what was spent by the individual candidates. With the individual estimates filed the cost of the campaign to the People's party was over \$12,000. The amount spent for which there was no account rendered must also have been very large. Most of the money went for newspaper advertising.

FRAUD CHARGED.

Suit Filed Against Pleasant Porter, Turner and Church Board.

Muskogee, May 25.—Charging that the site on which Henry Kendall college now stands in this city was secured by fraud, M. L. Mott, attorney for the Creek nation, has filed suit against the board of home missions of the Presbyterian Church of the United States, Pleasant Porter, chief of the Creek nation, and C. W. Turner, the men who transferred the lands to Kendall. Mott asks that the deed be cancelled and the board restrained from transferring the title. The school was soon to be moved to Tulsa, which town recently offered \$100,000 bonus. The board intended to sell the property here for a like amount. Mrs. Thaw of Pittsburg, mother of Harry K. Thaw, added a large endowment to Tulsa's offer. Mott contends that the land cannot be lawfully used for any other than school purposes.

HIS OWN HANGMAN.

One of the Alleged "Black Hand" Terminates His Earthly Career.

New York, May 25.—The trial of the three alleged "Black Hand" men on a charge of murder in the first degree was abruptly terminated in the supreme court in Brooklyn. Rocco Panagiro, one of the men, took the case, so far as he was concerned, from the earthly tribunal by committing suicide at the Raymond street jail by hanging. Immediately after the opening of court Generae Esposito, another of the trio, pleaded guilty to murder in the second degree. Then, upon the recommendation of District Attorney Clark, Francesco Como, who had been on trial jointly with the other two, was discharged.
